THE CHEVROLET TRAILBLAZER

A legacy continues with the Chevrolet Trailblazer, a rugged and capable SUV built for those who dare to take on the off-road. The Trailblazer is boldly styled, elegantly appointed and comes equipped with many innovative technologies and advanced active safety features designed to keep you on track, wherever your passion take you. Get ready to take on anywhere.

FIND *NEW* ROADS™

EXTERIOR DESIGN

In addition to the Trailblazer's rugged and commanding presence, the Z71 trim will have heads turning your way, both on and off the road. The first thing you'll

notice is the aggressive hood decal, which highlights the commanding lines of the front fascia. Along the rear you'll catch the gleam of the iconic Z71 badge,

shadowed perfectly by the black door handles all around the vehicle. The finishing touch is the blacked out wheels that round off the exterior. Inside, you'll

find the same high quality interior of the regular Trailblazer, along with the Z71 badge embroidered onto the front seat head rests.

INTERIOR SPACE.

When it comes to offering a versatile and comfortable interior, few SUVs come close to the Trailblazer. Each and every one of the 7 passengers who can comfortably fit inside the Trailblazer, will all find plenty of space and intuitive conveniences to make any journey an absolute pleasure.

THE GREAT INDOORS.

1. 60:40 Split-folding rear seats offer versatility and convenience.
2. The rear seats of the Trailblazer fold flat for added storage space.

Chevrolet reserves the right to change the specifications and colors of any models and items shown in this catalogue at any time. It is important to check with your local Chevrolet Dealer for the latest information on models available for order in your market.

WELCOME TO THE FRONTIER.

The Trailblazer may be a rugged SUV built for the great outdoors, but that doesn't mean you have to rough it when you're out there. The premium appointments throughout the cavernous interior of the Trailblazer add a sense of luxury and comfort, whilst the high quality materials and breathtaking design make you feel far

from the rough terrain you will probably be traversing.

The stylish design of the center stack immediately draws your eye towards the beautiful Chevrolet MyLink™ color touchscreen where all of your entertainment, navigation and

communication needs will be met. Even something as mechanical as the front and rear climate controls look good. The leather-wrapped steering wheel stands poised in front of the driver information center and gauge cluster, complete with mounted controls to access both vehicle and audio settings.

Whether you're off to the mountains or navigating city streets, the many intuitive technologies that come packed in Trailblazer will guide you on your journey, while keeping you entertained and in comfort along the way.

REMOTE START.

You can start the Trailblazer remotely with a simple push of a button on your key fob. When Trailblazer starts remotely, the doors remain locked and the climate control activates to their previous setting, cooling the interior for comfort that welcomes.

CHEVROLET MYLINK™.

Chevrolet MyLink™, with the 7-inch touchscreen display, is your portal to information, entertainment and phone connectivity. Access 3D GPS navigation, make calls, play music and even read and

send messages, all through this ingenious piece of technology.

APPLE CARPLAY™.

Apple CarPlay™ takes select iPhone® features and displays them in a smart,

simple manner. Make calls, send and receive messages and listen to music right from the touchscreen or via SIRI.

*Vehicle user interface is a product of Apple and Apple's terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. Specifications featured and mentioned in this Catalogue do not come standard on all models. Please refer to the local Dealer for details.

PERFORMANCE

FORGET THE ROAD LESS TRAVELLED. MAKE YOUR OWN.

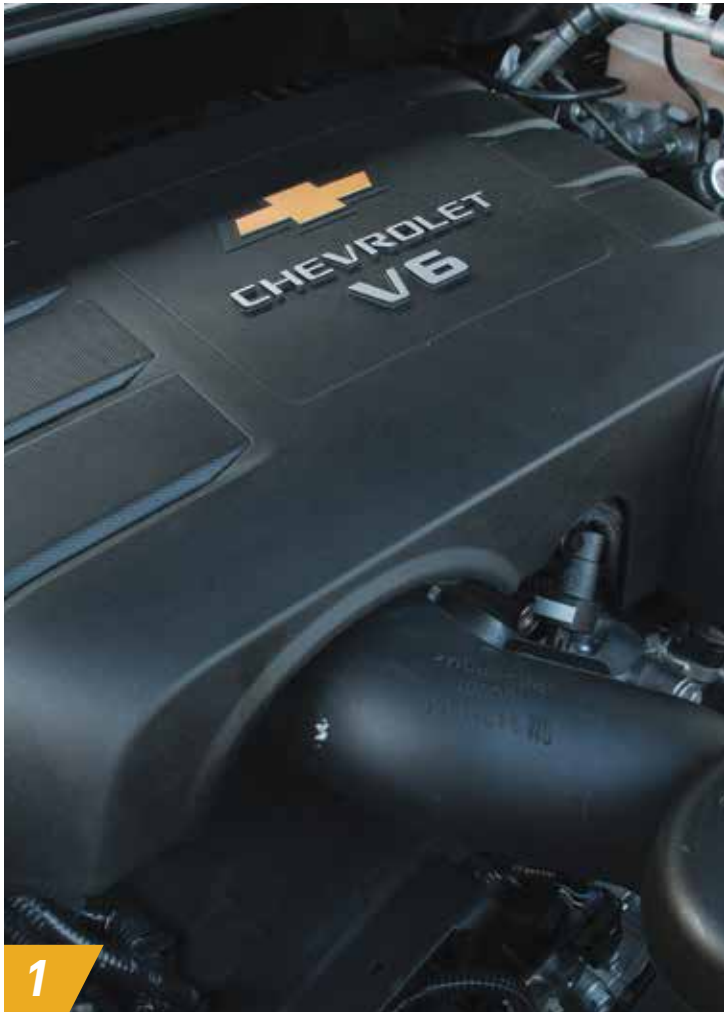

Powerful, reliable and complemented by a thoughtfully refined suspension that’s fluid and responsive, the 3.6L V6 engine of

the Trailblazer delivers 275 hp with 350 nm of torque at 3700 rpm. This exceptional power is managed

effortlessly by the 6-speed automatic transmission and delivered to the available 4-wheel drive system to offer up

the kind of driving performance needed for where the road ends and your adventure begins.

This may vary based on vehicle trim. Please check with your local dealer for specifications and availability.

1

DON'T JUST DRIVE. PIONEER.
Getting from A to B should be an experience, not just a commute. Which is why the Trailblazer was built for adventure.

2

3

ADVENTURE AWAITS.
1. 3.6L V6 engine producing 275 hp.
2. Trailblazer features Remote Start.
3. 6-speed automatic transmission.

SAFETY

SAFETY THAT PROTECTS AND PREVENTS.

Trailblazer comes packed with a host of available driver assist technologies that use strategically located radar sensors around the vehicle to protect you and your passengers.

1. REAR-CROSS TRAFFIC ALERT.*

Uses radar sensors to warn you of vehicles crossing your path as you back out of a parking lot. Visual and audible alerts are triggered if moving vehicles are detected.

2. SIDE BLIND ZONE ALERT.*

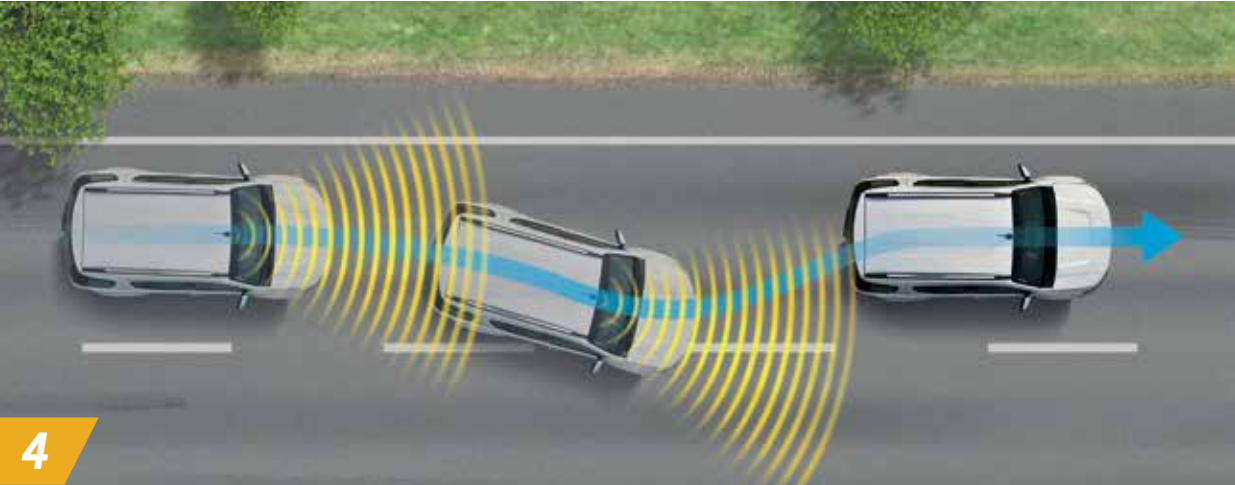

LED-lit symbols on both exterior mirrors alert you when another vehicle ventures into one of your blind zones.

3. FORWARD COLLISION ALERT.*

Using a high-resolution camera to scan for vehicles ahead, this available feature alerts you to a potential crash risk with both audible and visual alerts.

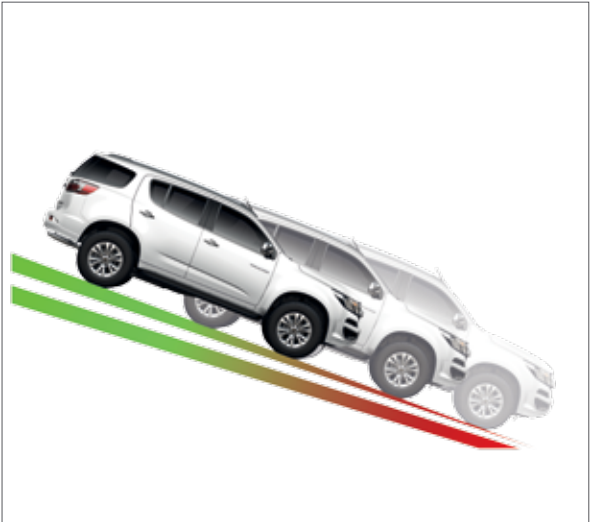

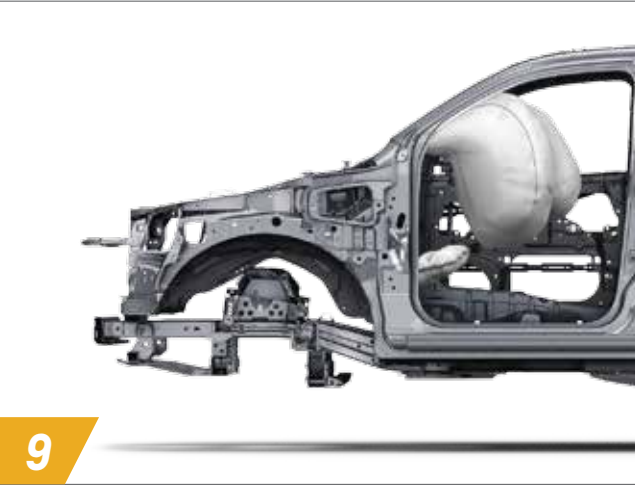

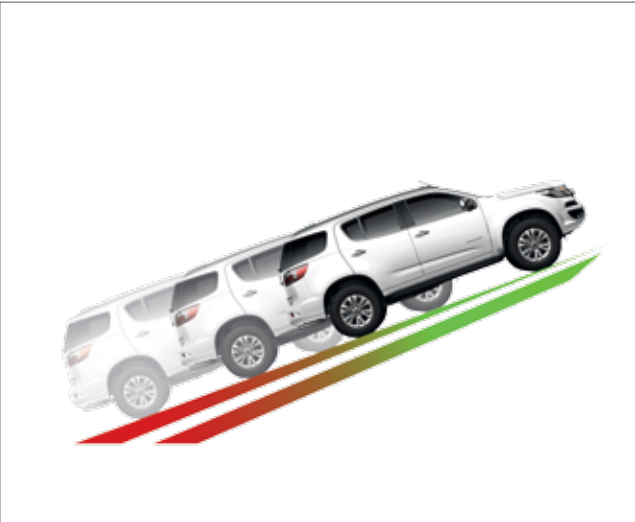

4. LANE DEPARTURE WARNING.*

Alerts you of any fast approaching vehicles in the adjacent lane from up to 25 meters away.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Owner's Manual for more important safety information. Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the Owner's Manual and the child safety seat instructions for more safety information. Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained with seat belts. See the Owner's Manual for more air bag information.

* Standard on LTZ

5. HILL START ASSIST.

Works to stop your vehicle from rolling backwards when moving up an incline. HSA engages automatically when a gradient of 3% or more is detected, holding the car stationary for two seconds after the brake is released in order to give you time to accelerate.

6. HILL DESCENT CONTROL.

Allows for a smooth and controlled descent downhill, by using the ABS braking system on each wheel as you descend. You can confidently take on steep slopes.

7. REAR VISION CAMERA.*

Reverse parking is made easier with the Rear Vision Camera. Through a live feed on your touchscreen display, you can now see stationary objects behind you when backing up.

8. TIRE PRESSURE MONITORING SYSTEM.

Checks the air pressure of individual tires and warns you if your tires are over or under-inflated.

9. SAFETY CAGE.

If you encounter an unavoidable accident, the robust safety cage is made from high tensile steel and side impact beams with six air bags, including dual SRS air bags in the front, keeping you and your passengers as safe as possible.

10. ELECTRONIC STABILITY CONTROL.

Applies brake pressure to the wheels while limiting the engine power when necessary to prevent your vehicle from skidding out of control.

11. TRACTION CONTROL SYSTEM.

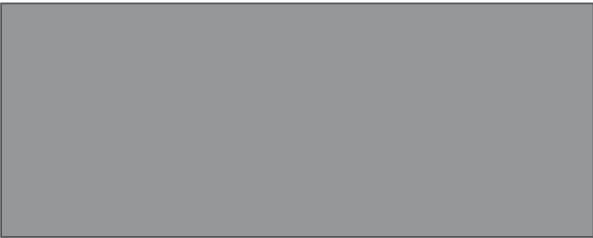

Helps you quickly regain control of your vehicle in the event of any loss of traction due to wet or sandy roads.

12. ELECTRONIC BRAKE FORCE DISTRIBUTION.

Helps you maintain control of your vehicle by applying just the right amount of braking needed to each wheel when slowing down.

COMPLETE CARE

1 HOUR MAINTENANCE

At Chevrolet, we know how valuable your time is. Which is why all our service centers offer a guaranteed 1 hour service on all Chevrolet vehicles.

2 DAYS GUARANTEED BOOKING

Nobody likes having to wait to book a service. Which is why with Chevrolet Complete Care, you can get a service booking with 2 days advanced notice.

3 YEARS OR 100,000 KM WARRANTY

Everybody likes to feel reassured. Which is why Chevrolet Complete Care offers a comprehensive 3 year or 100,000 km warranty on all Chevrolet vehicles.

4 YEARS FREE ROADSIDE ASSISTANCE

It's good to know that somebody is always there for you. Which is why Chevrolet Complete Care offers a 4 year regional roadside assistance service for free.

When you buy a Chevrolet, you don't just take home a new car. You also enjoy the peace of mind that makes driving your Chevrolet a pleasant experience.

MIDDLE EAST VEHICLE TESTING

Every Chevrolet is tested in the region, so we know it can withstand the climate. Then, before launch, we check and double-check every inch of the vehicle for optimal performance. Chevrolet specifically develops many of its features - including its air conditioning, engine cooling systems, and paint - to perform in tough conditions. The result is a car you can depend on.

COURTESY VEHICLE PROGRAM

Chevrolet strives for your convenience. In the unlikely event of a warranty repair involving extended repair times, you may be offered a suitable courtesy vehicle for your convenience.

CHEVROLET PARTS

Chevrolet's region-wide dealer network is supported by a well-stocked parts distribution center, ensuring constant availability of parts to keep your vehicle on the road. Chevrolet parts are priced to ensure low cost of maintenance and at the same time guarantee that you get genuine parts at competitive prices.

CHEVROLET CERTIFIED PRE-OWNED VEHICLES

All of our certified pre-owned vehicles come with the confidence of:

- A 110+ point quality inspection
- A minimum 12-month warranty
- 24-hour roadside assistance
- A 7-day exchange option

Terms and conditions apply. Please contact your local Chevrolet dealer for more information.

COST OF MAINTENANCE

MINIMAL MAINTENANCE. MAXIMUM ENJOYMENT.

Trailblazer delivers affordability well beyond the showroom floor – it's been designed and engineered with minimal maintenance features that keep you on the road for less.

The cam drive, cam phasing and valvetrain components require no scheduled maintenance.

The sophisticated cam-chain tensioner, high-quality cam phasing components and hydraulic lash adjusters are designed to ensure optimal valvetrain performance with no adjustment for the life of the engine. Advanced control electronics and a wide range of sensors allow fail-safe systems, including ignition operation in the event of timing sensor failures. Control software protects the engine from permanent damage in the event of complete coolant loss, allowing the engine to operate at reduced power for a prescribed distance sufficient for the driver to find service.

SCHEDULED MAINTENANCE

To complement Trailblazer's intelligent and protective engineering, regular scheduled maintenance will keep it running further and longer. To keep your vehicle in perfect condition, work should be carried out at regular intervals, according to the recommendations in your owner's manual.

MENU PRICING

As time and kilometers pass, certain wear-and-tear items will need replacing. Whether it's wiper blades, shock absorbers, or brake pads, it's all covered in Menu Pricing and our competitive prices will help you keep your Trailblazer on the road with minimal cost. Check with your dealer for details or log on to chevroletarabia.com
